**2011 Census**

What is it like in your neighbourhood?

How does your neighbourhood or area compare with your local authority, or with England as a whole?

This Neighbourhood Summary provides information about your area to help answer these questions. It provides a range of statistics, and by clicking on the tabs at the top of the screen you can choose what interests you.

The figures on this tab are from the 2011 Census and are for your neighbourhood, often compared with a larger area. All other tabs contain data from official administrative sources, and are the most recent available on Neighbourhood Statistics.

The 2011 Census asked people to describe their general health over the preceding 12 months as 'very good', 'good', 'fair', 'bad' or 'very bad'.

**People's general health, March 2011**

| Variable  | Measure | Your neighbourhood | Newcastle-under-Lyme | England |
|-----------|---------|--------------------|----------------------|---------|
| Very good | %       | 48.2               | 44.7                 | 47.2    |
| Good      | %       | 33.5               | 34.5                 | 34.2    |
| Fair      | %       | 14.2               | 14.4                 | 13.1    |
| Bad       | %       | 2.5                | 5.1                  | 4.2     |
| Very bad  | %       | 1.7                | 1.4                  | 1.2     |

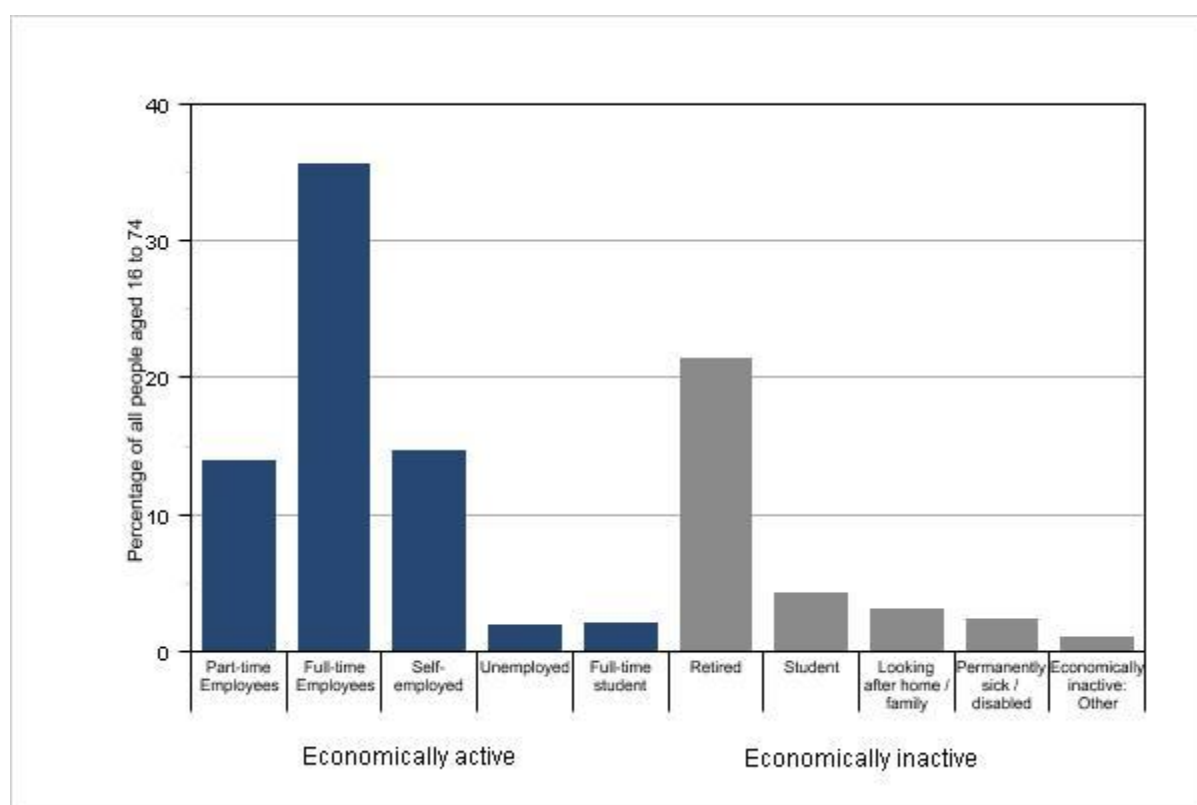

The Census also asked people whether they were providing unpaid care to family, friends or neighbours with long-term physical or mental health problems. This gave the following results:

**Carers, March 2011**

| Variable                     | Measure | Your neighbourhood | Newcastle-under-Lyme | England |
|------------------------------|---------|--------------------|----------------------|---------|
| People providing unpaid care | %       | 14.5               | 11.9                 | 10.3    |

The 2011 Census asked people about their working lives.

## Economic activity in your neighbourhood, March 2011

Note:

- The Local Economy tab of this Neighbourhood Summary shows overall employment, unemployment and economic activity rates, taken from the most recent official sources. The chart, above, supplements this information, showing further detail, as recorded at the time of the 2011 Census. The figures are not directly comparable, due to the different time periods.
- Part-time employees worked 30 hours, or less, a week.

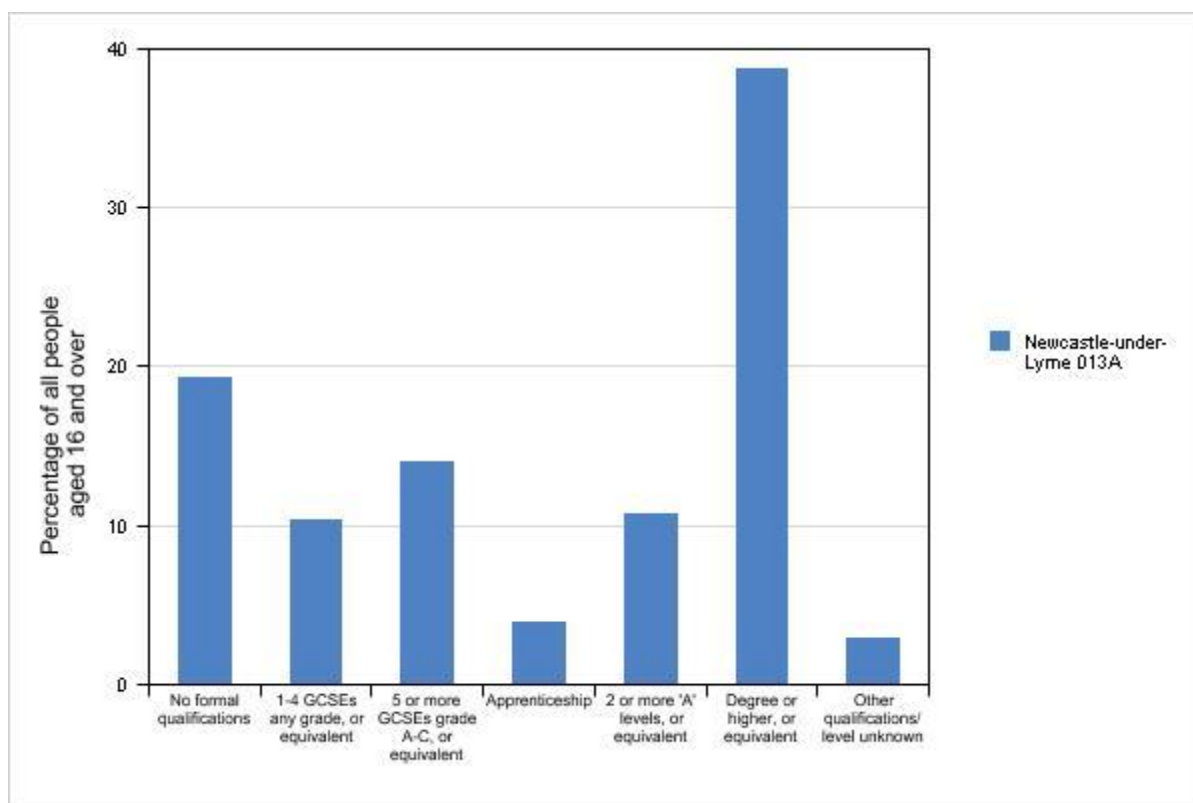

## Occupations of all people in employment, March 2011

| Variable   | Measure | Your neighbourhood | Newcastle-under-Lyme | England |
|--|---------|--------------------|----------------------|---------|
| Managers, directors and senior officials         | %       | 18.7               | 9.4                  | 10.9    |
| Professional occupations                         | %       | 25.8               | 15.8                 | 17.5    |
| Associate professional and technical occupations | %       | 10.2               | 10.6                 | 12.8    |
| Administrative and secretarial occupations       | %       | 10.0               | 10.6                 | 11.5    |
| Skilled trades occupations                       | %       | 11.0               | 12.9                 | 11.4    |
| Caring, leisure and other service occupations    | %       | 8.4                | 9.8                  | 9.3     |

|  |   |     |      |      |
|--|---|-----|------|------|
| Sales and customer service occupations | % | 4.7 | 9.3  | 8.4  |
| Process, plant and machine operatives  | % | 5.0 | 8.6  | 7.2  |
| Elementary occupations                 | % | 6.3 | 13.1 | 11.1 |

### Qualifications held by people in your neighbourhood, March 2011

### Is your neighbourhood good for employment but bad for health?

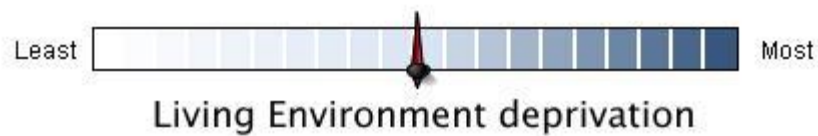

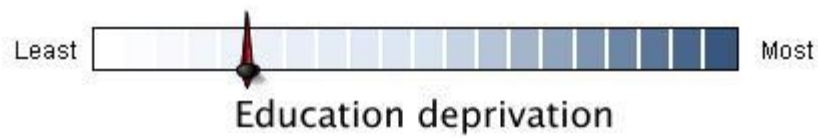

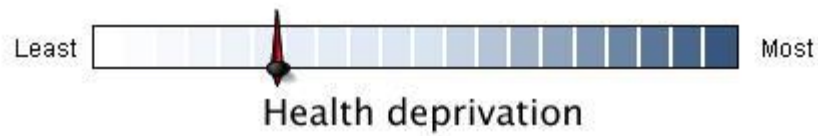

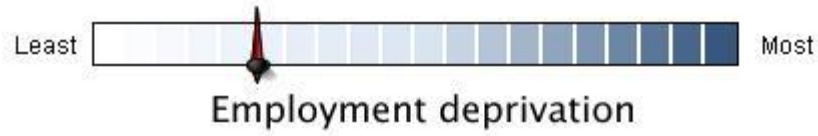

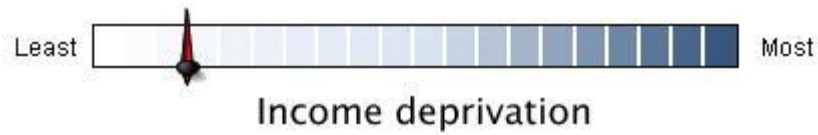

All 32,844 neighbourhoods in England have been ranked on a range of deprivation topics. The most deprived neighbourhood in England has a rank of 1.

To see the rank from this neighbourhood, hover your mouse pointer over the relevant graph below. These markers show the overall deprivation ranking for this area. The further to the right the marker, the higher the level of deprivation for this area.

'Total deprivation' and 'overall deprivation' is the Index of Multiple Deprivation (IMD).

These data are taken from the Indices of Deprivation 2015

## Health in CW3 9AB

### Life expectancy at birth, 2007 - 2009

Notes:

1. The black vertical bars indicate the precision around the estimates.

### Children's weight, 2010 - 2011

| Variable                                      | Measure | Newcastle-under-Lyme | England |
|---|---------|----------------------|---------|
| Overweight children in reception year, aged 5 | %       | 12.3                 | 13.2    |
| Obese children in reception year, aged 5      | %       | 9.4                  | 9.4     |
| Overweight children in year 6, aged 11        | %       | 14.6                 | 14.4    |
| Obese children in year 6, aged 11             | %       | 19.2                 | 19.0    |

Notes:

1. Figures for overweight and obese children are estimates.

In 2007 9.0% of newborn babies in Newcastle-under-Lyme local authority weighed below 2500 grams, and were classified as low birthweight. The average for England was 7.2%.

Notes:

1. Data do not include still births.

### Infant Mortality, 2008 - 2010

| Variable   | Measure | Newcastle-under-Lyme | England |
|--|---------|----------------------|---------|
| Deaths at age under 1 year, per 1000 live births | Rate    | 8.7                  | 4.4     |

### People claiming health-related benefits, August 2010

| Variable            | Measure | Your neighbourhood | Newcastle-under-Lyme | England |
|---------------------|---------|--------------------|----------------------|---------|
| Incapacity Benefits | %       | 3                  | 8                    | 7       |
| Carers Allowance    | %       | 1                  | 1                    | 1       |
| Disabled            | %       | 1                  | 1                    | 1       |

#### Notes:

1. The Incapacity Benefits category includes those claiming Incapacity Benefit or Severe Disablement Allowance and a proportion from the Employment and Support Allowance.
2. The Disabled category includes Disability Living Allowance claimants only.

### Adults accessing NHS specialist mental health services, 2010 - 2011

| Variable     | Measure | Newcastle-under-Lyme | England   |
|--------------|---------|----------------------|-----------|
| Total users  | Count   | 4,401                | 1,259,650 |
| Male users   | Count   | 1,933                | 560,395   |
| Female users | Count   | 2,468                | 698,807   |

### Housing in CW3 9AB

The 2011 Census recorded 551 households in your neighbourhood Newcastle-under-Lyme 013A. The percentage breakdown of different types of household in your neighbourhood is shown in the chart, below.

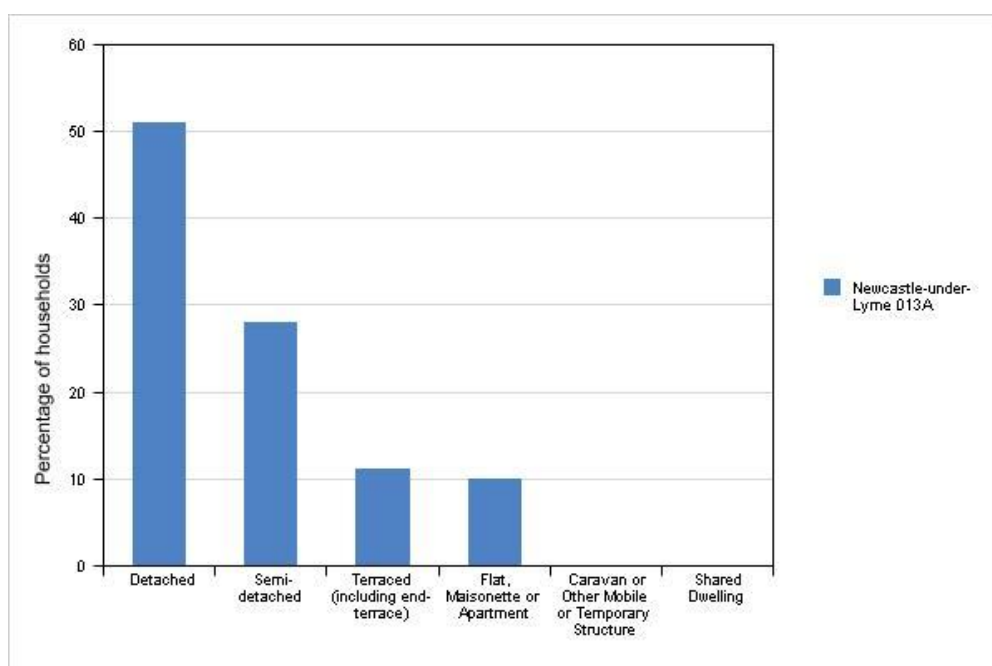

### Household composition in your neighbourhood, March 2011

People were asked in the 2011 Census about what kind of dwelling they were living in at the time. The chart, below, shows the percentage of different types of accommodation in your neighbourhood.

### Accommodation type in your neighbourhood, March 2011

Note:

1. All dwellings are unshared unless stated otherwise. Detached, semi-detached and terraced refer to houses or bungalows.

#### Dwellings by tenure, April 2011

| Variable                      | Measure | Newcastle-under-Lyme | England |
|-------------------------------|---------|----------------------|---------|
| Owner occupied/private rented | %       | 81.8                 | 82.1    |
| Local authority               | %       | 0.0                  | 7.5     |
| Registered social landlord    | %       | 18.2                 | 10.1    |
| Other public sector           | %       | 0.0                  | 0.3     |

#### Housing condition, April 2011

Decent Home Standard (DHS) - each local authority uses this to measure the general standard of its dwelling stock.

Standard Assessment Procedure (SAP) Rating - the Government's approved procedure for calculating an energy rating. The measure ranges from 1 (highly inefficient) to 100 (highly efficient).

| Variable   | Measure | Newcastle-under-Lyme | England |
|--|---------|----------------------|---------|
| Local authority dwellings that fall below the 'Decent Home Standard' | %       | n/a                  | n/a     |
| Energy efficiency of private sector housing: average 'SAP' rating    | Score   | 56.0                 | n/a     |
